Nothing in this act shall be construed to limit the activities and services provided by a person engaging in the practice of hypnotherapy provided the regulatory act governing such persons contains a scope of practice which might reasonably be interpreted to include the use of hypnotherapy.

(g) Nothing contained in this act shall require any hospital, clinic, home health agency, hospice, or other entity that provides health care services to employ or to contract with a registered hypnotherapist to perform any of the activities defined in Section 4(4).

(h) Nothing in this act shall be construed to limit the services of a person, not registered under the provisions of this act, in the employ of a state, county, or municipal agency or other political subdivision or not-for-profit corporation providing human services if:

The disclosure statement shall also state that neither psychotherapy nor the diagnosis of mental, dental or medical disease is a part of hypnotherapy and that registration as a registered hypnotherapist does not authorize a person to practice psychotherapy or diagnosis.

(e) No person registered as a registered hypnotherapist shall publicly advertise their services in any way that would cause a reasonable person to conclude that the person registered as a registered hypnotherapist is also a doctor of medicine or of psychology, unless such person is licensed to practice medicine or psychology.

(b) Any person who has permitted a registration to expire or who has a registration on inactive status may have it restored by submitting an application to the department and filing proof of fitness to have the registration restored, including, if appropriate, evidence which is satisfactory to the department certifying the practice of hypnotherapy in another jurisdiction, and by paying the required fee.

(c) If a person has not maintained an active practice in another jurisdiction which is satisfactory to the department, the department shall determine the person's fitness to resume active status. The department may also require the person to complete a specified period of evaluated hypnotherapy work experience.

For one (1) fiscal year after the enactment of this act, ninety percent (90%) of all the fees collected under this act shall be deposited into the registered hypnotherapis-dedicated fund, which is created as a separate fund in the general fund, and ten percent (10%) shall be deposited into the general fund. In all future years all of the fees collected under this act shall be deposited into the registered hypnotherapist-dedicated fund.
